Education

India Institute of Information Technology Senapati
CSE with specialization in (AI and DS)

Sept 2023 – May 2027

- GPA: 7.05/10.0

Experience

- NUL
- Finding intern-offer to improve this section

Projects

Personal Portfolio

[sujeet-iiitm](#) [🔗](#)

- Designed and Created from Scratch
- Tools Used: React.js , express.js, node.js , nodeMailer , SMTP

Daily Notes Tracker

[sujeet-iiitm](#) [🔗](#)

- Developed a full-stack daily notes tracking web application within a **monorepo** architecture.
- Implemented **React** with **Tailwind CSS** for the frontend, and **Node.js + Express** with **Prisma ORM** and **PostgreSQL** for the backend.
- Integrated secure **oAuth authentication** for user access and management.
- Containerized the project using **Docker**, orchestrating both apps (**frontend**, **backend**) along with the local PostgreSQL database.
- Built a single, cohesive development space where frontend, backend, and database run together seamlessly inside Docker.
- Gained extensive experience in monorepo project structuring, service containerization, and full-stack integration.

Technologies

TechStacks: C/C++ — typescript — Nodejs — Reactjs — Nextjs — WebSockets — Redis/pubs — PostgreSQL — TailwindCSS — ExpressJs. — Prisma — DDos

Tools: monorepo — Git — AWS EC-2 — Docker
